### HIGHLIGHTS

- Graduate of Oregon Tradeswomen Pre-Apprentice Program with perfect attendance.
- OSHA 10 hour General Construction Safety
- Strong work ethic
- Rock climber, competitive cyclist, weight lifter. Physically fit.
- Supervisory experience

### TRADES RELATED EXPERIENCE

#### Deck Rebuild

Deconstructed and rebuilt deck as part of a crew, from plans onsite. Used shovel, circular saw, levels and hand tools.

#### Stair Reconstruction

Deconstruct existing rotten risers, treads and stringers. Cut new stringers using a framing square, circular saw and jigsaw. Hung new stringers with Simpson strong ties. Cut new risers and treads using chop saw and attached using a cordless impact driver and decking screws.

#### Interior Finish Carpentry

Installed a pre-hung door using a 6' level, shims and cordless drill. Installed new casing around door using chop saw and pneumatic finish nailer. Caulked trim and filled holes. Responsible for jobsite cleanup.

#### Set Up and Tear Down stage and equipment

Event set up and tear down including heavy lifting of stage equipment, tables, chairs, and speakers. Use of basic hand tools and ladder for maintenance. Set up sound equipment wiring and monitors according to band diagrams. Maintain sound quality of monitors during performance. Security of band entrance during performance. Physical labor.

#### Skilled Labor for Display Set up

Breakdown and loading of art gardening exhibition including lifting and maneuvering equipment through tight spaces with careful attention to preserving existing surfaces. Used ladders to hang and remove overhead temp electrical wiring; fastened booth dividers together with crew using impact driver; used forklift and carts to move pallets of equipment into place.
